

**SCUDERIA
HANSEAT**

WHERE DRIVERS MEET

***International Sports Drivers' Course
Nürburgring*** ***Every May and September***

www.scuderia-hanseat.de

THE TRADITION

The Scuderia Hanseat, being the “mother of all drivers' courses”, is as traditional as the castle of Nürburg.

The International Sports Drivers' Course was launched already in 1958. Known as premium course under the theme “Safe Driving Pleasure”, the Scuderia Hanseat is at home on both tracks, the Grand-Prix-circuit as well as the Nordschleife.

A unique event – no other organizer offers a four-days event with three days of driving pleasure on the entire circuit of the Nürburgring.

THE SCUDERIA FAMILY

Our driving course offers the ideal platform for social group experiences. The Scuderia family provides a feeling of being looked after well. Here you are part of a secret society among like-minded colleagues and friends, all infected by the multidrug-resistant ring virus.

During the course friendships are maintained and friends are made for life.

THE EXPERIENCE, THE MYTH

Experience four days of fun on the most challenging and most beautiful race track of the world.

Let yourself be introduced by designated “ring connoisseurs”, who are working with you in our course as group coach or as an instructor, to the secrets of the Grand Prix circuit and the Nordschleife.

Driving the “Green Hell” is demanding for man and machine, a unique experience for professionals and sports drivers.

Learn for yourself how the proverbial myth of the Nürburgring has originated.

THE SCUDERIA CONCEPT

We rely on a well balanced mix of sectional training and free driving times, also with “Follow-Me” or with personal coaching on request.

We split up the Grand Prix track in two, the Nordschleife into eight sections. Our participants, (with a maximum of total 220 participants per course) will be arranged into 10 groups. Our group 1 is for first time participants exclusively with special support given. The remaining groups to a large extend consist of repeaters who visit our courses regularly and who look forward to take part in their home group.

During the course every group trains separately how to drive each of the 10 sections properly. In the afternoon of the final driving day each participant drives an evaluation round by starting individually. Here the driving style of each participant will be assessed.

OUR PROMISE

You are owner of a valid driver's license? Your car is licensed for use on public roads? There is a desire to learn to drive this car in a sporty and safe manner? Then our course is the right choice. During four eventful days we make you fitter for the road and the track. Under instruction of experienced sports drivers and instructors you will learn a professional, safe handling of your car. And on top, this is done on the longest, most challenging and most fascinating race track in the world, the Nürburgring. Join us in order to improve your driving style, your driving technique as well as your driving skills.

Regardless of being a Nürburgring beginner or a routinier – we look forward to your participation.

FIRST COME...

We recommend an early booking. Our courses are very popular and often fully booked.

Supernumerary applications can only be accepted on a waiting list. Cancellations will then be replaced by participants from this waiting list.

Bookings from the waiting list will be confirmed strictly in the order of receipt of incoming entry forms.

OUR SERVICES

And this is what you will experience during four fascinating days:

- ✓ Introductory training at the Safety Driving Centre for first time participants
- ✓ Separate briefings for first time participants and routiniers
- ✓ Welcome Dinner with moderation by our chief instructor Patrick Simon
- ✓ Three days sectional training on Grand-Prix-track and Nordschleife
- ✓ "Follow Me" for first time participants as well as for routiniers
- ✓ Extensive free driving (at lunch time and in the evenings) on Grand-Prix-track and Nordschleife
- ✓ Catering at the DUNLOP VIP Lounge for a nice break
- ✓ Track marshals and a safety team for the safety of our participants
- ✓ Technical support by qualified experts of the Porsche Center Aschaffenburg (for all types of cars, not only for Porsche)
- ✓ Tire service from our partner Goodyear Dunlop Tires Germany GmbH
- ✓ Final test with assessment
- ✓ Apéritif / gala dinner and prize giving ceremony concluding the event
